PROJECTS

Gemini Industrial Machines — *Website development*

<https://anthonydefine.github.io/GeminiWebsite/>

Currently working with founders of the company to create a better website presentation and user experience.

StarkGotSole — *Founder*

Aug 2013 - Aug 2018

Founded an event business focused on building local community relationships around buying, and selling streetwear items. Hired staff to help with each event, ran all social media, and built the website to further our reach. Worked closely with our local homeless shelter, and donated 10% of each show's profits to buy brand new shoes for the less fortunate.
